New Zealand

### **NT EIANZ Workshop:**

## **Acid and Metalliferous Drainage (AMD)**

The EIANZ would like to invite you to join us for a two-day workshop on geochemistry, water quality and management associated with acid, metalliferous and saline drainage (AMD). AMD is a major issue facing many mines in the Northern Territory and its management can result in significant costs to the mine, community and in the case of legacy mines, the NT tax payer. This workshop is aimed at those involved in the assessment, regulation and management of mines that may contain AMD (see attached program).

**Dates:** 3 – 4 March 2015

**Time:** 8:30 am to 5:00 pm

**Location:** Museum and Art Gallery of the NT Theatrette,  
Conacher Street, Darwin

(morning/afternoon teas and lunches will be provided)

**Cost:** \$300 (EIANZ members), \$650\* (non EIANZ members)

### **Presenters:**

**Brent Usher** – Klohn Crippen Berger

**Chris Langton** – Klohn Crippen Berger

The Environment Institute of Australia and New Zealand (EIANZ) is the leading professional body in Australia and New Zealand for environmental practitioners, including environmental consultants, or indeed anyone working within the environmental industry.

Registration and payment by **25 February 2015** at:  
<http://www.eianz.org/events/category/northern-territory>

For more information contact:  
Craig Smith ([craig.smith@nt.gov.au](mailto:craig.smith@nt.gov.au)).

\*Full Membership of the EIANZ is \$290 (plus \$60 application fee).
