**AGM:** Event will be followed by 2015 EIANZ Annual  
General Meeting (commencing @ 6.45pm).

## GUEST SPEAKER

Phillip Johnson

Director, Phillip Johnson Landscapes

Phillip Johnson is recognised as an Australian sustainable landscape pioneer. He leads one of the most awarded firms in the industry, known for their green walls and natural pool creations - centred on the use of indigenous and native plants, water management and the re-creation of thriving habitats.

Committed to greening our cities and addressing water management through innovative and flexible sustainable landscape design Phillip's design philosophy centres on recreating habitat and accommodating changing environmental extremes.

Working with leading architects, developers, government and residential clients across the country, Phillip has been 'recreating habitat' for more than 16 years. He is a passionate advocate for sustainability and the environment, and is focused on greening our cities through ongoing work with urban planners, commercial partners, and "one backyard at a time".

Phillip's work and collaborations have been recognised nationally and internationally: 2013 Winner Chelsea Flower Show (Best in Show), 2011 & 2012 Winner Melbourne International Flower & Garden Show (Sustainability Award) along with multiple Landscape Industries Association Victoria awards.

*Copies of Phillip's new book "Connected – the sustainable landscapes of Phillip Johnson" available for sale on the night*
