***A mutually rewarding and professional  
relationship.***

## ABOUT THE PROGRAM

Following the successful implementation of the Mentoring Program for EIANZ Victorian members in 2015/2016, The EIANZ VIC Student and Early Careers Sub-committee is happy to announce the recommencement of the program for 2016/17.

The EIANZ Victoria Mentoring Program pairs professional mentors based on their environmental sector/interests with mentees eager to refine their professional, networking and leadership skills.

Mentors and mentees will have the opportunity to be involved in a range of events throughout the year, assisting in the development and success of the individual mentor/mentee relationship.

This program allows mentees to gain insight from experienced professionals and helps to broaden their networks within the industry. Mentors benefit from sharing their experiences and seeing the industry from a different perspective.
