TRUenergy's Renewable Energy Program in Antarctica Tuesday 29 November 6.00pm-7.30pm

The Wind Chill Factor

The Environment Institute of Australia and New Zealand in conjunction with Sinclair Knight Merz invites you to an informal evening seminar on renewable energy developments in Antarctica.

We are delighted to invite Nam Quach from TRUenergy to share anecdotes from his recent journey to Antarctica. He will chat about innovative renewable energy initiatives that are currently being piloted in this remote region, with a few photos of penguins thrown in!

Join us for a very relaxed, informal presentation followed by drinks and networking. Members are invited to attend **FREE** of charge. We also encourage non-members to come along for only \$15 (drinks included).

Cost: **FREE for members** (Non members for \$15, cost includes drinks and canapés)
Date: Tuesday 29 November
Time: 6pm – 7.30pm
Location: Level 16, 452 Flinders Street Melbourne, VIC 3000

Registration is essential **BY Wednesday 23rd November** to Sue Oliver via email vic-events@eianz.org or fax using the attached form.
