Challenges for EIANZ & the next SEQ Regional Plan

- New cities of the Western Corridor
- Fragmentation of the RLRPA
- Carbon Trading
- Nutrient Trading
- Regional Offsets
- Landscape Heritage
- **Landscape Resilience**
- **Peri-urbanism**
- Ecosystem Services
- **SEQ Community Greenspace Network Plan (soon)**
- Inter-urban breaks (e.g. Rocky Point, Maroochy Canelands)
- **Flinders-Karawatha Corridor (consultation now)**

Regional Planning in SEQ – EIANZ role & advocacy

SEQ Regional Plan 2014-2021 due June 2014

Plan Review Terms of Reference mid 2013

State of Region Report 2013

monitoring and reporting ‘progress towards sustainability’

‘evidence based planning’

State of Region Report 2008 (available on line)

Challenges to EIANZ

‘joined up’ planning (environmental, landuse, transport, economic, recreation, conservation, urban, water)

advocacy of corporate interests; best practice & innovation

‘learnings’ of the practitioners i.e. ‘feed’ the plan review

sustaining participation (partnerships with professions/academia)

a plan for the region NOT a DLGP Plan

engage and sell issues/ opportunities & solutions
