*What prompted you to join EIANZ?*

I believed that having a learned society such as EIANZ was beneficial for the environmental movement within Australia and New Zealand.

*What have you found most rewarding about a career in the environment sector?*

The friends and acquaintances I have made who share a common belief that we can improve our environment.

*What is the biggest change that you have seen in the environment profession over the years?*

I believe that members have become more responsible regarding what they will or will not accept from other members and especially the development community regarding environmental impacts.

*What are some of the most important lessons you have learned (so far) over the course of your career?*

That small actions with a community can have lasting environmental benefits

*What do you see as EIANZ's key role in the environment sector?*

Continued advancement of environmental best practice and the need to set a continually higher standard for all members to follow.

*What advice would you give a colleague thinking of joining EIANZ?*

Highly recommended
