## Plant Identification Skills Training

**When:** Thursday 4 July - Friday 5 July 2019

**Time:** 8:30am – 4:30pm

**Where:** JCU Douglas Campus  
373 Flinders Street, Townsville

**Cost:** \$485 per person

**Numbers:** Strictly limited to a maximum of 16  
attendees

**Presented by Stuart Worboys, this short course will outline the process of plant identification, using the *Rainforest key*, *Plants of Magnetic Island* and an introduction to the online keys to *Wattles and Eucalypts*.**

## PROGRAM

Stuart Worboys, on behalf of the Australian Tropical Herbarium, will provide a short course on plant identification skills at the JCU Douglas Campus.

This course includes both a theoretical and a field work component

- Review of plant morphology terminology
- Collect specimens in the field, discussing features
- Introduction to the Lucid program
- Practice using the *Rainforest Key* 7<sup>th</sup> edition
- Demonstration on how to press and document a herbarium specimen
- Practice using keys in the book *plants of Magnetic Island*
- Sitting an informal test

The course includes all workbooks and training materials (including a hand lens).

Morning tea and lunch will be provided.
