SPEAKER BIOGRAPHY

A dynamic and innovative research leader, and interim director of the Environment Institute at the University of Adelaide, Andrew has identified opportunities and partnerships which have secured over >\$250M of funding. He has published >300 research articles and held roles including Director of Agrifood and Wine, University of Adelaide, Science Director for the \$121M Fight Food Waste CRC, and Science Director for the National Research Infrastructure funded Terrestrial Ecosystem Research Network. Andrew is also experienced in commercialising research and is passionate about communicating science to a general audience.
