SPEAKER BIOGRAPHY

Brendan Lynam currently leads the Environment Information Strategy and Policy Branch at Environment Information Australia (EIA). This branch is responsible for developing policies and strategies to support the uplift of environment data and information to enhance accountable, transparent, and streamlined decision-making processes.

Before joining EIA, Brendan held a range of data and policy-focused leadership roles at the Department of Home Affairs, the Department of Agriculture, Forestry and Fisheries (DAFF), the Department of Human Services, and the Australian Federal Police.

Brendan holds qualifications in accounting from CPA Australia and a Bachelor of Agricultural Economics with First Class Honours from The University of Sydney. With a proven track record of developing and implementing innovative solutions to complex problems, Brendan is dedicated to unlocking the full value of environment data for nature-positive outcomes.
