## FNQ Division Catchment to Reef Series

Join us for our annual Catchment to Reef Series. This year we will be focusing on catchment hydrology, climate and sediment erosion.

**When:** Thursday 7 September

**Time:** 5:30pm – 7:30pm

**Where:** ATSIP, Building 145,  
James Cook University  
Townsville City

**Cost:** \$20 EIANZ members  
\$30 Non-members  
Students free

**Contact:** Nathan Waltham  
Nathan.waltham@jcu.edu.au

Thanks to our sponsor for this event

## Meet the Speakers

### Greg Stuart, National Manager Land and Maritime Transport at BOM

Greg will discuss issues around climate change, flooding and hydrology in GBR catchments.

### Dr Jasmine Jaffrés, C&R Consulting

Jasmine will discuss a catchment classification model and how different catchment characteristics relate/influence hydrology.

### Stephanie Hernandez, PhD Student JCU

Stephanie will discuss changes to the Vegetation Management Act, 1999 in Queensland and implications in GBR catchments.

### Ben Cotton, Senior Environmental Officer, DTMR

Ben will present a case study of sediment and erosion control projects in tropical North Queensland.
