**Time:** 3.00 – 4.30 pm

**Where:** Meet at Gate 2  
Membership Services reception

**Cost:** EIANZ Members: Free  
Non-members: \$20 (incl. GST)

**Registration:** [Register on the EIANZ website here](#)  
By 12 noon on Monday 20 November

**Contact:** EIANZ on [office@eianz.org](mailto:office@eianz.org) or (03) 8593 4140

This event will count  
as 1 point per hour  
towards your Certified  
Environmental  
Practitioner CPD Log.

As one of the great sporting stadiums of the world, the MCG attracts numerous events and over 3 million visitors annually. The Melbourne Cricket Club, as managers of the MCG, are implementing several initiatives through their Environmental Management System to reduce their environmental footprint. These include:

- Installation of a water recycling plant at Yarra Park that has reduced consumption of potable water by up to 50 per cent
- Implementing an energy efficiency upgrade that will convert the MCG into one of the most environmentally sustainable stadia in the world – and save enough electricity to power the light towers for nearly six years
- An innovative pilot program that will allow home-owners to send excess solar power to the MCG in return for VIP experiences at the football.

### Hosts

**Peter Wearne**, General Manager – Facilities,  
Melbourne Cricket Club

**Vince Macolino**, Venue Presentation  
Coordinator, Melbourne Cricket Club
