## DEVELOPMENT OF ISO STANDARDS FOR MINE CLOSURE

Join EIANZ-WA for a presentation on the history and current status of ISO mine closure standards. Darren Murphy will provide an overview of the Mine Closure & Reclamation Vocabulary Standard, the process for standards development and the role of the Standards Australia mirror committee. As part of the presentation Darren will provide insight into the current development of mine closure standards and outline ISO's plan to develop a suite of mine closure standards over the coming years.

**When:** 27 February 2020

**Time:** 5.00pm – 7.00pm

**Where:** Golder  
Level 3, 1 Havelock Street  
West Perth

**Cost:** Members: \$10  
Non-Members: \$25

**Contact:** Belinda Bastow 0418 950 678

**Special Thanks to Sponsor:**

**Darren Murphy**

Darren is a Principal Consultant with 30 years' experience in environmental research, management and planning within the mining, transport and conservation industries. He has a master's degree in Zoology from the University of Western Australia and is a Certified Environmental Practitioner (CEnvP).

Darren is Golder's Principal Closure Consultant and APAC Mine Closure Leader.

As a CEnvP Darren represents the Environment Institute of Australia and New Zealand on the Standards Australia mirror committee for development of the ISO mine closure standard. He is a member of the steering committee for development of the EIANZ's certification for land rehabilitation and is a founding member of the Closure Planning Practitioners Association.
